---

Hey Annette, I am no longer the CIC for this site. L'Tonya has taken it over for me. So, I will forward your email to her and ask her to call you. Thank you for the information.

Abena

**Subject:** Address Verifications for the Elm Street Lead Site

Hi Abena,

Attached is the latest address verification list for the Elm Street Lead Superfund Site. I spoke with Maurice this afternoon and he inquired about whether or not the residents in the community had formed a redevelopment steering committee and if any work has begun. I informed him that you may be the best contact for obtaining that information. Ms. Rosario Hernandez, listed on the address verification list, may be a good contact for a starting point, unless you suggest otherwise. I have spoken with Ms. Hernandez and she seems to be extremely knowledgeable about what is going on in her community. I do remember you stating that you were familiar with or had worked with some of the players at the state before. If possible, can we meet tomorrow to discuss so that we can answer Maurice's question?

Thank you,

Annette W. Fields, M.S.
